### **Share Certificates**

Except as specifically described, the following disclosures apply to all Share Certificates offered by OAS FCU.

**Rate information.** The interest rate and annual percentage yield on your accounts are specified at the time you open your Share Certificate account. The annual percentage yield is a percentage rate that reflects the total amount of interest to be paid on your Share Certificate based on the dividend rate and frequency of compounding. The annual percentage yield is based on an assumption that

interest will remain on deposit in your Share Certificate until maturity, and any withdrawals will reduce earnings. To view OAS FCU's current rates for different Share Certificates, please view the RATE SHEET.

**Compounding and crediting.** Interest is compounded daily and credited to your account quarterly on the anniversary of the opening date of that Share Certificate. The interest period begins on the day that you opened your deposit account and ends on the same calendar day of the following month.

**Accrual of interest.** Interest will begin to accrue on the business day you make the deposit to your account.

**Minimum balance requirements.** The minimum balance required to open each account is:

For regular Share Certificates: \$2,500

For Junior Share Certificates: \$500.

For Step-Up Share Certificates: \$2,500.

For Jumbo Share Certificates: \$100,000.

**Transaction and Transfer Limitations (Junior Share Certificate only).** Regular monthly deposits of no less than \$50 are permitted exclusively to Junior Share Certificates, either via payroll deduction or automatic transfer, until the balance reaches \$2500. See Junior Term account features below for complete information.

**Maturity.** Your account will mature at the maturity date set forth on your account receipt and/or renewal notice. OAS FCU will send you advance notice of the expiration of your Share Certificate so that you may make arrangements different than a direct renewal in a timely fashion. Unless we hear from you, all Share Certificates will be automatically renewed for the same term but at the rate at the time of renewal. Funds of special Share Certificates that are no longer available will be deposited into your regular share account, unless notification is received by the credit union before the maturity date. You will have a grace period of ten (10) calendar days after the maturity date to deposit, change terms, or withdraw from the account without penalty.

**Dividend rates.** All Share Certificates will earn the dividend rates posted on OAS FCU's RATE SHEET. Upon the automatic renewal of any Share Certificate, the rate on the renewed Share Certificate will be the current rate at the time of renewal.

**Jumbo share certificates.** Share Certificates with an opening balance of \$100,000 or higher will earn a higher dividend rate according to OAS FCU's rates sheet.

**Early withdrawal penalty.** A penalty may be imposed for withdrawals before maturity. Each penalty is calculated based on the term of the Share Certificate. The penalty for a Share Certificate early withdrawal or closure will be the lesser of the following two penalties: that certificate's dividends to date, or the following penalty (see next page):

SHARE CERTIFICATE LENGTH ( in months)	Penalty
3	30 days' worth of dividends

- The rate change(s) for the 24-, 36- and 48- month Share Certificates may be requested after 12 months of the term have passed.

**Junior Share Certificate features.** With this account, you may start a Share Certificate without the minimum deposit required for a regular Share Certificate, and build up to that minimum balance of \$2,500 by means of monthly transfers to the Share Certificate. The minimum deposit is \$500 and the minimum monthly transfer amount is \$50. This Share Certificate account reaches maturity when it reaches a balance of \$2,500.
