SHARE CERTIFICATE INFORMATION

Except as specifically described, the following disclosures apply to all Share Certificates offered by OAS FCU.

- **Rate information.** The dividend rate and annual percentage yield on your accounts are specified at the time you open your Share Certificate account. The annual percentage yield is a percentage rate that reflects the total amount of interest to be paid on your Share Certificate based on the dividend rate and frequency of compounding. The annual percentage yield (APY) is based on an assumption that dividend will remain on deposit in your Share Certificate until maturity, and any withdrawals will reduce earnings. To view OAS FCU's current Share Certificate rates, visit the [Rate Sheet](#) on our website or call 202 458-3834.
- **Compounding and crediting.** Dividend is compounded daily and credited to your account quarterly on the anniversary of the opening date of that Share Certificate. The dividend period begins on the day that you opened your deposit account and ends on the last calendar day of the quarter; that is, on the last day of March, June, September, and December.
- **Accrual of interest.** Dividends will begin to accrue on the business day you make the deposit to your account.

- **Minimum balance requirements.** The minimum deposit required to open each account is:

- For REGULAR Share Certificates: \$500.
- For STEP-UP and IRA Share Certificates: \$2,500.

Unless we hear from you, all Share Certificates will be automatically renewed for the same term but at the dividend rate offered at the time of renewal, visit OAS FCU's [Rate Sheet](#) to access the latest rate information or call the Credit Union at 202 458-3834.

Funds of Share Certificates that are no longer offered by the Credit Union will be deposited into your regular share account unless notification is received by the Credit Union before the maturity date.
